

## 2019 Western Canadian Local Government Innovation Survey

Survey runs January 21 to February 11, 2019

Change is a constant challenge. Keeping pace with the ever-increasing expectations of our communities and special interest groups remains a top priority for local governments. The need for new processes, tools and policies has never been greater.

Let's work together to better understand the drivers of change and how we're responding.  
Innovation begins with insight. Share yours today.
